

How to download text assets (option B)

Instructions for copying FB Link text

1. Navigate to the **social post URL** in your desktop Chrome browser.
2. Right-click the **Link Title** in the grey box area under the image and select Inspect.
3. In the right-side **Developer Tools > Elements tab**, navigate the elements to find the **Link Title**
4. Copy and paste it into the **Link Title** field.
5. Repeat these steps for the **Link Description** if applicable.

For Facebook Link posts
